THE PRIME MINISTER

26 June 1998

Dear Mr. Desverex,

Thank you for your letter and enclosed video of the Entrepreneurial event held in Edinburgh, dated 9th June. I have forwarded them to Estelle Morris, Parliamentary Under-Secretary of State (School Standards).

I, too, believe that as we approach the New Millennium, Britain's future prosperity and wealth will increasingly depend on encouraging and fostering an entrepreneurial and enterprise culture. Broadening awareness is a crucial first step towards realising this potential in so many of our young people.

I welcome Mindscreen's vision and hope that it will inspire similar initiatives of such ambition.

Yours sincerely,
Tony Blair
